# PROGRAMME.

## *Monday.*

The Secretary's office will be open at 9 o'clock, when all entries made under the rules and regulations will be assigned their proper positions.

## *Tuesday.*

At 12 o'clock, the Fair will be formally opened by His Excellency, Governor A. M. Scales, and W. G. Upchurch, Esq., the President of the Society, assisted by the Vice-Presidents and ex-Presidents; and attended by the Chief Marshal and his Assistants.

 No entries will be made after 5 o'clock this day.

Trials of speed will commence each day at 2:30 o'clock.

## *Wednesday.*

At 10 o'clock the Committee will receive the Entry Books from the Secretary's office and proceed to make the awards. Exhibitors must have their articles in proper position, and see that they are correctly labeled and ready for the inspection of the Committees.

At 11 o'clock there will be a parade of Cattle by the Wake County Cattle Club. Cattle participating in this parade will not compete for premiums. This parade will be one of the most attractive features of the Fair.

## *Thursday.*

At 11 o'clock, parade of Horses, at which time Premium Horses will be designated by blue and red ribbons. Blue indicating first premium; red, second premium. This parade will be under the charge of W. P. Batchelor, Esq., Supervisor of the Department of Horses.

At 12 o'clock, Cattle parade; Premium Cattle to be designated by blue and red ribbons. This parade will be under the charge of W. G. Stronach, Esq., Supervisor of the Department of Cattle.

## *Friday.*

During Friday, owners of Horses, Cattle, &c., will be permitted to sell on the grounds, but no article sold will be allowed to be removed, until the hour of closing.

At 3 o'clock, the Secretary will issue permits for removal, and the exit gates will be open at 4 o'clock.

 Exhibitors are reminded that no article will be allowed to be removed without a permit from the Secretary, and not before 4 o'clock this day.

Much of the pleasure of visitors on the last day of the Fair is destroyed by the eagerness of exhibitors to remove their goods before the closing hour. The Executive Committee have determined to strictly enforce the rule in this respect, and it is hoped that no effort will be made to remove any article until the hour of closing.

## *The North Carolina State Agricultural Society*

Will hold its annual meeting in the Hall of the House of Representatives during Fair week, beginning at 8 o'clock on Tuesday evening, and continuing its sessions from night to night according to adjournment.

## SECRETARY AND TREASURER OF EXECUTIVE COMMITTEE.

JOHN NICHOLS..... Raleigh, N. C.

To whom all communications relating to the Fair should be addressed. Office, N. W. corner of Fayetteville and Martin streets, up stairs.

## TO THE PEOPLE OF NORTH CAROLINA.

---

The encouragement already received by the Executive Committee of the North Carolina State Agricultural Society, warrants the expectation that the 27th Annual Fair, in all its departments, will equal, if it does not excel, any that has ever been held in the South. It is the intention of the managers to make it a thorough exponent of all the Agricultural and Industrial interests of the State, and to use their best exertions and all the resources of the Society to make the exhibition entertaining, instructive and profitable.

Designed to foster and promote all the material interests of our people, the North Carolina State Fair is justly regarded as a State enterprise, embracing alike the interests of the producer, the manufacturer, the agriculturist, the stock grower, and the inventor.

Devoted to an object of such grand purpose and importance, the Committee gratefully appreciates the generous support hitherto enjoyed from the press of the State, from the Executive and other State officers, from the Board of Agriculture and its Commissioner, and from public spirited and patriotic men and women throughout the State.

The Premium List has been carefully, thoroughly and liberally arranged, for securing to each interest represented, due prominence.

The gradual but steadily growing prosperity, which so rejoices our people in all departments of their industry, and especially in our agricultural, manufacturing and stock raising pursuits, can but quicken their energies and enlarge their aims, and it is but natural that our State Fair, fostered by such auspicious surroundings, should advance and improve correspondingly. The Committee therefore confidently expects that the next Annual Fair will excel any that has ever been witnessed in the State.

## TO VISITORS AND EXHIBITORS.

The Twenty-seventh Annual Fair of the North Carolina Agricultural Society will be held on the 18th, 19th, 20th and 21st of October, 1887.

It is the earnest desire of the Committee to see our Halls and Grounds crowded with specimens of products from our workshops, our school rooms, our laboratories, our factories, our founderies, our mines, our mills, our fields, and our gardens, from one extreme of the State to the other, and to welcome the splendid contributions of our ladies, which in the past have been such a valuable and interesting feature at our Fairs. But whether as Exhibitor or Visitor, whether as a citizen of our State or of other States, all will be gladly welcomed and every effort used to make their visit pleasant.

### THE GROUNDS

are pleasantly located on an elevated plateau, one mile and a quarter west of Raleigh, overlooking the city, and are provided with an ample supply of the best water. The Grounds are easily reached from the surrounding country and are located on the lines of the North Carolina and the Raleigh and Augusta Railroads. The entrances are on the side nearest the city and are reached by fine roads from the city.

With our large and commodious buildings, our fine cattle sheds, our splendid race track, our excellent water, and with our earnest endeavor to accommodate exhibitors, they can but be pleased with a visit. In our BEAUTIFUL CITY, with its parks, public grounds and buildings, including all the public offices, visitors will find much to interest and entertain. They will have free access to the Experimental Farm, to the Rooms of the Agricultural Department, to the Geological Rooms, the Legislative Halls, the Supreme Court Rooms, the State Library, the Graded School, the Insane Asylum, the Institution for the Deaf and Dumb and the Blind, the Penitentiary, the Cemeteries and all other places of public interest.

Meetings of the Agricultural Society will be held in the Hall of the House of Representatives each night during the week, to which the public are invited, and the Theatres will be occupied each night for the entertainment of the public.

### FACILITIES FOR REACHING THE GROUNDS

are amply provided. A train will run from the city to the Grounds and return every fifteen minutes during the day throughout the week, the passengers being landed within a short distance of the Main Entrance. Omnibus and hacks will run constantly from and to the city.

---

## REGULATIONS.

---

I. The Twenty-seventh Annual State Fair will open on Tuesday, the 18th of October, 1887, and will continue four days.

II. The gates will be opened for the admission of visitors at 9 o'clock a. m. each day, and closed at 5 p. m.

III. All vehicles used for transportation, and all persons not entitled to remain, must leave the grounds before the opening of the gates each day, except Monday, which will be devoted principally to the reception and arrangement of exhibits; and persons actually employed by exhibitors in arranging their exhibits may remain while so actually employed on that day.

IV. Officers and employees must be at their posts of duty before the opening of the gates.

V. A sufficient Police force to keep order and enforce the regulations of the Society will be upon the Grounds each day.

VI. Every reasonable effort will be made by the officers of the Society and those in charge of the Grounds to protect the property on exhibition from loss or damage, but the Society will not hold itself responsible should loss or damage occur.

VII. All articles which are the product of the soil must be entered in the name of the producer. Those showing *handiwork* or *skill* must be entered in the name of the one whose skill they exhibit; such may be individuals, firms or factories. They must have been made within three years and not exhibited at any former Fair of this Society. All other property must be entered in the name of the *actual owner*. Any violation of this rule will bar the violator from competing for any premium whatever, and render him and his exhibits liable to expulsion from the Grounds.

VIII. Should any person misrepresent his exhibit and a premium be awarded upon it, such premium may be withheld by the Executive Committee upon the ground of fraud.

IX. Drunkenness, quarreling or the use of profane or obscene language; also gambling, pool-selling or other games of chance will not be allowed upon the Grounds, nor fireworks, petroleum, gunpowder, matches, or any other objectionable or dangerous materials whatever; and it will be the duty of the police to remove all such as soon as discovered and arrest the offenders.

X. The Executive Committee reserve the right to withhold the premiums in any case in which it shall appear to them that the regulations have not been complied with, or that fraud or deception has been practiced or attempted.

XI. No person shall act as superintendent or on any awarding committee in any department in which he is an exhibitor.

XII. Tickets furnished exhibitors will be good for themselves only, and those attempting to transfer them will forfeit the same and be compelled to buy others before entering the grounds. The same rule will be enforced with reference to all other tickets.

XIII. The prices of admission will be as follows :

Single ticket, each day .....	50 cents.
Children under 12 years, each day .....	25 "
Vehicles of visitors free. Drivers .....	50 "
One-horse carriage and driver for the week .....	\$2 00
Two-horse carriage and driver for the week .....	3 00
Four-horse carriage and driver for the week .....	5 00

XIV. Each Department will be under the special charge of one member of the Executive Committee, who shall be known as the Director of that Department. He will oversee the arrangement of all articles offered for exhibition in his Department, and have control of the space assigned to it. He will be assisted in his duties by a special Superintendent, who will receive all exhibits, take personal charge of them, countersign the Exhibitors' coupons, and deliver the articles on the surrender of his countersigned coupons at the close of the Fair. He will arrange the articles according to the wishes of the Director, so as to make the most attractive display, and shall give Exhibitors all the assistance in his power to display their exhibits to the best advantage.

XV. The Director in charge and his special Superintendent shall attend the Judges when making the examinations in their respective Departments, and furnish them with all required information. The awards when completed shall be signed by the Judge, and also by the Director, who will take charge of the book and return it to the Secretary. As the awards are made, the Director or his Superintendent will attach the ribbon indicating the award.

XVI. Should any of the Judges previously selected fail to be present, the Director of each Department is authorized to select others to fill the vacancies, always endeavoring to select persons only qualified by their pursuits or experience to make correct awards in each special Department.

### *Entries.*

XVII. The entry books will be open at the office of the Society, corner Fayetteville and Martin streets, in the city of Raleigh, from September the 18th to October the 14th, and at the Secretary's office at the Fair Grounds on Monday and Tuesday of Fair week until Tuesday at five o'clock p. m., when all entries will positively close.

XVIII. Entries may be made in person or by letter, but no entry will be regarded as made until the entry fee has actually been paid. In making entries, it will be necessary to give the name of the article, the name and post office address of the exhibitor, and the premium number under which the article entered is to compete.

XIX. An entry fee of \$3 will be required at the time of making the entry, except in Departments E, H and I, in which *ladies will not be charged any entry fee.* (See Article XXVII.)

XX. *Each Exhibitor, who pays an entrance fee, will receive an*

*Exhibitor's Ticket entitling him to free admission to the grounds during the week.* It will bear the exhibitor's name and is not transferable.

XXI Exhibitor's Tickets will not be issued to firms, and cannot be transferred from one member of a firm to another. Entries made in the name of a firm will entitle them to only one Exhibitor's Ticket.

Each exhibitor will be furnished with a tag for each entry, having a coupon attached, which he will carefully fasten to his exhibit and taking it to the Department to which it belongs, will be assigned space by the Superintendent of that Department, who will see that it is properly displayed, detaching the coupon, will countersign it and return it to the exhibitor.

XXII. No article or animal will be entitled to space until the proper entry has been made. After an article or animal has been entered for a Premium, it cannot be removed until the close of the Fair without permission from the Secretary or the Supervisor in charge of the Department; and if any person removes an article or animal without such permission, they forfeit all claims to a Premium, even if the same may have been awarded.

XXIII. Persons desiring space for the exhibition of articles or machinery not entered for competition, must apply to the Secretary as early as possible, giving the name of the exhibitor and article, place of residence and the amount of space required.

XXIV. Exhibitors of horses, cattle, sheep and swine, will be required to display over each stall or pen occupied by their stock a placard containing the name, age and breed of animal occupying the stall or pen, and also the name and post office address of the owner. The placard will be furnished and filled up at the Secretary's office.

XXV. Arrangements have been made with responsible parties to furnish corn, oats and hay on the Grounds at market prices in Raleigh, in quantities to suit purchasers; straw and bedding furnished without charge.

XXVI All entries shall be for the first premium of the premium number under which they are entered, but failing to take the first, shall compete for the second, if a second is offered, and failing to take the second shall compete for the third, if any, but shall not be awarded more than one premium under the same premium number.

XXVII. The same article or animal may compete for the premiums of two or more premium numbers, but in order to do so must be entered under each, when ten per cent. of the first premium of each premium number entered for after the first entry will be required.

XXVIII. Premiums are payable thirty days after the close of the Fair, and if not claimed by the first day of February, 1888, will be regarded as donated to the Society.

### *Life Members*

XXIX. Will be furnished tickets, good for the week, *on an application to the Secretary.* These applications may be made through the mail or in person, but must furnish the name of wife (if married),

and children (if any) under 12 years of age, when tickets, properly filled out with the names so furnished, will be issued.

All persons, who are Life Members and whose names were not published in the Premium List of last year, will please present their certificates of life membership when making application for tickets, as there is no record of any other than those published.

### *Gate Keepers*

XXX. Will be clothed with police authority and are required to preserve order at the gates. They must not receive money for admission at the gates under any circumstances, but will direct those offering it to the nearest ticket office. They will carefully examine each ticket presented and see that it entitles the holder to admission to the *Fair of 1887*. They will see that each person in each carriage is entitled to enter, by actually examining the tickets and badges, and take up all tickets proper to be taken up before permitting them to enter the grounds.

XXXI. All Complimentary Tickets, Life Members' Tickets or Exhibitors' Tickets presented by persons not entitled to hold them, must be taken up, and those offering them required to purchase others before entering the grounds.

### *Judges or Awarding Committees*

XXXII. Are requested to report to the Secretary as soon as they arrive on the Grounds, that they may be noted as present for duty and receive their badges; that vacancies may be filled by the time fixed for Awarding Committees to begin their labors. They will meet each other at the Secretary's office promptly at 10 o'clock sharp on Wednesday morning, when they will receive the award books for their several departments and proceed to complete their awards at the earliest practicable moment.

They will carefully examine the regulations and requirements as laid down in the Premium List, and will make no awards to exhibitors who fail to comply with the same.

They will, in no case, award premiums where there is not real merit; and, when there is no competition, they will not award a first premium unless the exhibit possesses special merit. They may award a second, or third, or none, as the merits of the exhibit indicate.

Judges are requested to report any interference with them in the discharge of their duties or any effort to influence them; and to refuse to make the award desired in every instance when improperly approached, even though the exhibit be of superior merit.

In entering their awards, they will write the word "First," "Second," or "Third," as the case may be, and repeat the entry number on the same line of the entry.

They will be specially careful to attach the ribbons to the right articles, so that the award books and the ribbons may agree.

XXXIII. Should any person be appointed as Judge on any Awarding Committee, who cannot serve from any cause or who cannot be

present promptly at the appointed hour to begin work, he will please notify the Secretary as early as practicable so that some one else may be selected, that Awarding Committees may begin at the hour named.

Exhibitors demand that the awards shall be made promptly, and the interests of the Society require that these demands be met.

XXXIV. The Directors or the Superintendents will meet the Awarding Committees at the Secretary's office at 10 o'clock promptly on Wednesday morning, and assist them in organizing and informing themselves in the details of their duties; accompany them to their several departments and furnish them such information and assistance as may be necessary.

XXXV. Blue Ribbon indicates first premium; Red Ribbon, second premium, and White Ribbon, third premium. White Ribbon also on articles for which no premium is offered will indicate special merit.

Judges will please report their awards to the Secretary as soon as they have completed the same.

### *Sample Exhibits.*

XXXVI. The rule formerly adhered to requiring exhibitors to bring two bushels each of the following crops has been changed so as to require one bushel only, viz.: Wheat, Oats, Barley, Rye, Rice, Peas and Beans of all kinds, Corn Meal, Onions, Beets, Parsnips, Carrots, Turnips, Potatoes, Buckwheat, Clover and Grass Seeds, which must be exhibited in a box 22 inches long, 10 inches wide and 10 inches deep, inside measurement, and half bushel each of Ground Peas and Dried Fruits of all kinds in boxes 14 inches long, 10 inches wide and 8 inches deep, inside measure. These boxes must be neatly but plainly made, of inch thick boards dressed on both sides. Corn must be exhibited in the ear, and not less than two bushels in ear will be required.

In the case of Ground Peas and Dried Fruits, exhibitors are requested to place a 10 by 14 window glass over each exhibit by dropping it in the box on the exhibit. This will prevent picking off by thoughtless persons.

This change has been made to secure uniformity and attractiveness to the exhibition and convenience to exhibitors.

### *Officers.*

XXXVII. The active officers of the Fair, including the President, Secretary, Vice-Presidents, members of the Executive Committee, Superintendents, the Marshal and Assistant Marshals, and other employees wearing rosettes and badges, shall be allowed to pass and repass the gate-keepers at their pleasure. The several officers will be designated as follows:

President. White Rosette with red, white and blue streamers, with name of office on the blue; Vice-Presidents and members of the Executive Committee, Blue Badge, with name of office; Secretary, Red Badge; Chief Marshal, Buff Rosette and Scarf; Assistants, Red, White and Blue Rosettes and Scarfs.

### TRIAL OF SPEED.

DR. JAMES MCKEE, }  
J. W. WADSWORTH, } Directors.

W. P. BATCHELOR, ESQ., Manager.

I. All entries for these trials of speed must be made with the Secretary of the Society on or before 5 o'clock p. m. of the day previous to the race, and be accompanied by ten per cent. in cash of the whole purse, except where otherwise stated.

II. In entering horses, the name, age, sex and color of the animal should be given, with the names of the sire and dam, if known, and also the name and residence of the owner.

III. The Society reserves the right to change the programme so as to substitute one day's trials for another to meet the casualties of the weather. Should the weather be so inclement on either day of the Fair week as to prevent the manager from starting the races, such races, at the option of the Executive Committee, may be declared "off," and the entrance money for them refunded.

IV. Three entries and two starters required. No money paid for a walk over.

V. Heats in each day's races may come off alternately, according to the orders of the Manager.

VI. Winning horses will receive only the premium assigned to their position. No premium paid to distanced or ruled-out horses.

VII. Races shall be governed by the rules of the American Trotting Association.

VIII. All premiums for speed classes will be paid by the Treasurer on Saturday of Fair week, upon certificate from the Finance Committee.

 All horses entered for these races must have been owned in North Carolina six months previous to the Fair.

THE RACE TRACK.

The track for the trials of speed of horses was built upon the most approved plan. The plan was drawn by a Civil Engineer of New York City, under the direction of George Wilkes, Esq., editor of the New York *Spirit of the Times*. The following is an accmte explanation of the track.

Length of track, 880 yards, or half a mile exactly.

Width of track from fence post to outside, 40 feet.

From inside to inside of track, lengthwise, 360 yards.

From inside to inside of track, crosswise, 140 yards.

Length of curves, 220 yards each.

Length of straight sides, 220 yards each.

Curves are graded one inch to the foot, from inside to outside.

The fence posts on the inside of the track are exactly three feet from the inside of the track, so that a horse going three feet from the fence will go exactly 880 yards or half a mile.

## TRANSPORTATION.

### PASSENGERS.

All the Rail Roads in North Carolina will issue excursion tickets to the State Fair at greatly reduced rates.

These rates have not yet been agreed upon, but we may safely assure the public that they will be as low, and we believe lower than last year.

Excursion trains will be run on schedules to be arranged and announced in time, and every facility offered the public to make the journey to Raleigh comfortable and expeditious. The trains will land passengers in the immediate proximity of the Fair Grounds.

From Raleigh, during the week trains will run over the track of the Raleigh & Augusta Rail Road every fifteen minutes, affording a cheap and speedy means of transit between the city and the Fair Grounds.

### FREIGHT.

The Rail Roads in North Carolina will transport articles for exhibit at the Fair *free of charge*, but only upon the following rules: The shipper must *prepay* the freight to Raleigh at usual rates, taking a Bill of Lading, stating that the article is for exhibit at the Fair. The exhibitor will receive from the Secretary a certificate that the article was exhibited, and is consequently entitled to free transportation back to the point of its original shipment. Upon presenting the bills of lading and the Secretary's certificate to the Agent at the point of original shipment, the freight money will be refunded. This rule is a reasonable one, and should be strictly observed by all exhibitors.

Articles sent either by Rail Road or Express should be prepaid, otherwise the Society will hold them until it shall have been reimbursed for all expenses incurred.

The above arrangement for free transportation does not include exhibits sent by Express.
